

OEKO-TEX® is an association of 17 independent research and testing institutes in the textile and leather sector with headquarters in Zurich, Switzerland. The OEKO-TEX® standards enable everyone to make responsible choices and protect natural resources. The work at OEKO-TEX® is driven by sustainability and transparency and is based on scientific principles. The OEKO-TEX® certifications and labels are highly respected worldwide by industry partners and consumers on all continents.

To supplement our team at the head office in Zurich, we are looking for a

Junior Product Manager / Chemist (100 % - f/m/d - hybrid)

You will report to the Product Manager and work on the further development of our STANDARD 100 & LEATHER STANDARD & ORGANIC COTTON certifications, but also across all products and with the entire OEKO-TEX® team. In this way, you make a significant contribution to the success of the OEKO-TEX® product portfolio.

Your responsibilities

- Continuous product development of our certifications STANDARD 100 & LEATHER STANDARD & ORGANIC COTTON
- Compliance research (e.g. REACH)
- Answering enquiries from customers, companies and testing institutes
- Management of analytical method documents
- Support in the preparation and management of technical meetings
- Support with digitalisation & IT modernisation projects
- Support with new product launches (product requirements, market research)
- Participation in internal and external meetings, as well as virtually

We offer

We offer you a very independent, varied and attractive job with important responsibilities in a dynamic and modern company. The excellent brand name, forward-looking products and a motivated team with a drive for change and a passion for sustainability await you. We offer you a modern working model (home office + office in the heart of Zurich) and a variety of team events.

If you see yourself in this job description, we look forward to receiving your detailed and complete application documents at recruiting@oeko-tex.com, stating your salary expectations and earliest possible starting date.

Please note: The applications received will be collected, evaluated and responded to after 15 January 2024.

Recruiters will not be considered for this position!

OEKO-TEX® Service GmbH, Genferstrasse 23, 8002 Zurich, Switzerland
