textiles.

OEKO-TEX®
CONFIDENCE IN TEXTILES
MADE IN GREEN
SUSTAINABLE

You can rely on it.

Textiles with the MADE IN GREEN label are:

- Made using materials tested for harmful substances
  Verified by systematic testing performed in one of the OEKO-TEX® member institutes’ laboratories

- Made in environmentally friendly facilities
  Monitored for the responsible handling of chemicals and resources as well as using environmentally friendly production technology

- Made in safe and socially responsible workplaces
  In verifiably fair working conditions without child or forced labour
Take a look.
Every product bearing a MADE IN GREEN label or hang tag has its own unique product ID or QR code, allowing you to trace the article’s supply chain in a transparent manner.

Product ID and QR code give you:

- Confirmation that this article meets all MADE IN GREEN criteria
- An overview of the stages involved in manufacturing the article, from the production of the yarns to the finished article of clothing
- Useful information on the individual manufacturer

Tested for harmful substances and produced sustainably in accordance with OEKO-TEX® guidelines. www.madeingreen.com
As buying decisions become more complicated and corporate transparency becomes more elusive, it is important to have clarity and safety in the essential items families need, especially those things that come into contact with our skin. The MADE IN GREEN label was developed to give you this certainty. MADE IN GREEN means that it was Made with you in mind.
